2. **Appropriation of Receipts: Yardage Fees.** Fifty percent of the total amount of yardage fee revenue collected by the Texas Department of Agriculture in each fiscal year pursuant to the Agriculture Code, § 146.021, is hereby appropriated to the department for fiscal years 2002 and 2003, for the purpose of paying livestock export facility lease and maintenance expenses. The remaining 50 percent of the total yardage fee revenue collected in each fiscal year shall be transferred to the unobligated portion of the General Revenue Fund and is not subject to appropriation by this provision or by Article IX of this Act. Amounts appropriated pursuant to this provision are included above in Strategy Item A.1.1, Generate Markets, and are identified above in the Method of Finance as General Revenue in an estimated amount of \$200,000 for each fiscal year.
- In addition to the amounts appropriated above, any unexpended and unobligated balances remaining as of August 31, 2001, are hereby appropriated for the same purposes for the biennium to Strategy A.1.1, Generate Markets, beginning September 1, 2001, estimated to be \$42,950 in General Revenue.
3. **Appropriation: Land Donations.** The Department of Agriculture is hereby authorized to lease and/or accept the donation of land or the use of land from either governmental agencies, private firms, corporations, or individuals to be used in connection with the performance of its various responsibilities and programs.
4. **Appropriation: Publication Fees.** The department is hereby appropriated any subscription fees, royalties, advertising revenues, or charges collected for publications, services or products produced by the department, subject to any restrictions on publications fee appropriations contained elsewhere in this Act.
5. **Fee Increase Authority and Limitation.** For the purpose of implementing the intent of the Legislature, that the department collect fee amounts which offset, when feasible, the direct and indirect costs of administering its regulatory activities, the department is hereby authorized to and shall increase the fees by a percentage sufficient to offset costs associated with its regulatory activities. It is the intent of the Legislature that the cost offset percentage shall be 100 percent. The following activities are exempt from this requirement: Seed Testing, Quarantine Enforcement/Education; Piece Rate Crop Survey; Pest Management Program; Agriculture Hazard Communication Act; Boll Weevil Control Act; Predatory Management Program.
6. **Pay for Regular Compensatory Time: Livestock Export Pen Operations.** It is expressly provided that the Department of Agriculture, to the extent permitted by law, may pay FLSA nonexempt employees in classified positions who are stationed at Department of Agriculture livestock export pens for compensatory time hours on a straight-time basis when the taking of compensatory time off would be disruptive to normal working activities and other critical functions relating to livestock export pen operations.
7. **Transfer Authority.** Notwithstanding limitations on appropriation transfers contained in the General Provisions of this Act, the Department of Agriculture is hereby authorized to direct agency resources, and transfer such amounts appropriated above between strategy line items.

8. **Appropriation: Young Farmer Loan Guarantee Program.** Out of the Young Farmer Loan Guarantee Account No. 5002, the Texas Agricultural Finance Authority is hereby appropriated for fiscal years 2002 and 2003, all necessary amounts required to cover any defaults on loans referenced under § 58.055, Texas Agriculture Code, or for payments for the purpose of providing reduced interest rates on loans guaranteed to borrowers as authorized by § 58.052(e), Texas Agriculture Code.
9. **Appropriation: Earned Federal Funds.** The Department of Agriculture is hereby appropriated all earned federal funds received during the biennium beginning with the effective date of this Act that are in addition to those earned federal funds specified in the method of financing above.
10. **Unexpended Balances Between Fiscal Years.** Any unexpended balances as of August 31, 2002, in the appropriations made herein to the Department of Agriculture are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2002.
11. **Appropriations Limited to Revenue Collections: Octane Testing.** Included in amounts appropriated above to the Texas Department of Agriculture in Strategy C.1.1, Inspect Measuring Devices, the amount of \$355,137 from the General Revenue Fund (Revenue Object Code 3015) in each fiscal year of the biennium is contingent on the collection of fees, in accordance with Article 8614, § 9, Vernon's Texas Civil Statutes, to be used solely for the purpose of administering an octane testing program.
12. **Appropriation: Fair Park Structure Restoration.** Included in amounts appropriated above to the Texas Department of Agriculture in Strategy D.1.1, Fair Park Structure Restoration, is the amount of \$2,474,600 from the General Revenue Fund in fiscal year 2002 to be used solely for structural building improvements within the Agrarian District at Fair Park.

The Legislature intends that this appropriation be contingent upon Fair Park charging no rent or additional fees/charges for the next two years (fiscal years 2002 and 2003) to the State of Texas or any state agencies for exhibition in the Agrarian District.

The Legislature further intends that funding not be used on roads, murals, fountains, or any other park enhancements without the prior written approval of the Legislative Budget Board (LBB). The Department of Agriculture shall prioritize, monitor and manage the use of appropriated funds and submit semi-annual progress reports to the LBB and the Governor.

13. **Appropriations: License Plate Receipts.** In addition to amounts appropriated above in Strategy A.1.1, Generate Markets, there is hereby appropriated to the Department of Agriculture all balances collected prior to the effective date of this Act and revenue collected on or after September 1, 2001, from the sale of license plates as provided by VTCA, Transportation Code § 502.2761.

Any unexpended balances as of August 31, 2002, out of the appropriations made herein are appropriated to the Department of Agriculture for the fiscal year beginning September 1, 2002.

14. **Interagency Contract: Oyster Promotions and Education.** The Texas Department of Agriculture shall enter into an interagency contract with the Texas Department of Health for oyster industry advertising and promotion efforts and to provide information, education and/or training to wholesalers, retailers, and consumers on the safe and proper handling of oysters, in accordance with VTCA, Texas Agriculture Code, § 47. Revenues received from this interagency contract in the amount of \$200,000 for each fiscal year are included in amounts appropriated above in Strategy A.1.1, Generate Markets.

15. **Capital Construction of Metrology Laboratory.** The Texas Public Finance Authority may issue revenue bonds or other revenue obligations to finance a metrology laboratory project consisting of the construction of the laboratory, including the acquisition of real and personal property, construction project management and equipping the laboratory ("Project"), in accordance with Chapter 1232, Government Code, for an estimated project cost of \$1.8 million. From the proceeds of the issuance and sale of such bonds or other obligations such amounts as may be necessary to fund associated costs, including the cost of issuance, reasonably required reserved funds, capitalized interest, and other administrative costs are hereby appropriated to the Texas Public Finance Authority. From the remaining proceeds of the issuance and sale of such bonds or obligations, such amounts as may be necessary to fund the costs of the Project construction for the metrology laboratory are hereby appropriated to the Texas Department of Agriculture the fiscal biennium beginning September 1, 2001.

Included in the amounts appropriated above to the Texas Department of Agriculture in Strategy C.1.1, Inspect Measuring Devices, are amounts required in each of fiscal year 2002 and 2003 to pay lease payments to the Texas Public Finance Authority sufficient for the Authority to make debt service payments of the revenue bonds or other revenue obligations authorized in this section. The amount of the required lease payments are estimated to be \$63,000 in fiscal year 2002 and \$156,500 in fiscal year 2003.

It is the intent of the Legislature that the Texas Department of Agriculture increase fees for the metrology program to recover an amount equal to the amount of the appropriations made herein for lease payments, and that the fee increase be maintained in such an amount during the term of any revenue obligations authorized herein.

16. **Contingency Appropriation: Additional Loan Volume.** Contingent upon the approval of at least 14 Texas Agricultural Finance Authority financial assistance applications within two quarters in either fiscal year 2002 or 2003, the Department of Agriculture is hereby appropriated an amount not to exceed \$75,000 in fiscal year 2002 and \$75,000 in fiscal year 2003 out of the Texas Agriculture Fund No. 683 and/or the Farm and Ranch Finance Program Fund Account No. 575, to Strategy A.1.1, Generate Markets, for the sole purpose of recovering costs related to loan generation, monitoring and bond issuance. Any additional appropriations made herein are appropriated from the Texas Agriculture Fund and/or the Farm and Ranch Finance Program Fund in proportion to the number and type of new financial commitments. Also contingent upon the number of Texas Agriculture Finance Authority financial assistance applications approved, the "Number of Full-time Equivalent Positions (FTE)" cap is hereby increased by one each fiscal year.

17. **Appropriation: "Go Texan" Partner Program.** Included in amounts appropriated above to the Texas Department of Agriculture in Strategy A.1.1, Generate Markets, is \$2,000,000 out of the GO TEXAN Partner Program Account No. 5051 in fiscal year 2002, for the purpose of promoting Texas agricultural products. This amount consists of \$2,000,000 in general revenue funds to be transferred to the "Go Texan" Partner Program Account.

Also included in amounts appropriated above, the Texas Department of Agriculture is appropriated \$2 million in Appropriated Receipts received as matching funds from program participants including gifts. All appropriations shall be transferred to the "Go Texan" Partner Program Account and are appropriated for the purpose of implementing the program.

18. **Contingency to Increase the Full-time Equivalent (FTE) Cap for New Initiatives.** Contingent upon the receipt of federal funds above those appropriated herein for programs related to surveying, controlling or eradicating invasive pests or disease, the Department of Agriculture is hereby authorized to increase its number of FTEs to the extent that federal funds are allocated for salary costs. These FTEs shall not be counted in the agency's "Number of Full-time Equivalent Positions (FTE)" cap.

DEPARTMENT OF AGRICULTURE

(Continued)

The Department of Agriculture shall report all additional FTEs authorized by this provision to the Comptroller of Public Accounts, Legislative Budget Board and the Governor's Office prior to filling such positions.

19. **Appropriations Limited to Revenue Collections: Prescribed Burn Manager Certification Program.** In addition to amounts appropriated above, the Texas Department of Agriculture is hereby appropriated fees collected in accordance with § 153.048, Natural Resources Code, to be used solely for the purpose of administering a prescribed burn manager certification program.
20. **Weather Modification Grant Program.** Included in amounts appropriated above in Strategy A.1.5, Weather Modification, is the amount of \$2,483,574 from the General Revenue Fund in each fiscal year of the biennium and one FTE each fiscal year to administer the weather modification grant program.

In addition to amounts appropriated above, any unexpended balances as of August 31, 2001, related to the weather modification grant program made to the Texas Natural Resource Conservation Commission, are hereby appropriated to the Texas Department of Agriculture for the biennium beginning September 1, 2001.

Any property, or equipment utilized in connection with the weather modification grant program, including, but not limited to, office furniture and equipment as of August 31, 2001, shall be transferred from the Texas Natural Resource Conservation Commission to the Texas Department of Agriculture.

21. **Information Systems Development.** Included in amounts appropriated above to the Department of Agriculture is \$3,500,000 for the 2002–03 biennium out of the General Revenue Fund, for the sole purpose of implementing an information system which supports license processing, web based access on agency information and services, customer relationship management, and management reporting and analysis.
22. **Contingency Appropriation for House Bill 1954.** Contingent upon enactment by the Seventy-seventh Legislature, Regular Session of House Bill 1954, or similar legislation relating to the regulation and promotion of the oyster industry and authorizing the reimbursement of Texas Oyster Advisory Committee expenses, and pursuant to § 2110.004, Government Code, the Texas Oyster Advisory Committee may be reimbursed out of funds appropriated above.

Also, contingent on the enactment of House Bill 1954 or similar legislation, the travel cap for the Texas Department of Agriculture is hereby increased by an amount not to exceed \$4,300 each fiscal year for authorized travel expenditures made by or on behalf of the Texas Oyster Advisory Committee.

23. **Agricultural Sustainability Programs.** Out of funds appropriated above, the Texas Department of Agriculture may study, develop, and implement, creative technology and innovative solutions to mitigate agricultural non-point source pollution in the state from confined animal feeding operations and improve total resource management of agricultural and wildlife resources in the state.
24. **Appropriation: Targeted Salary Increase.** Notwithstanding other appropriations made by this Act related to salary increases, in addition to amounts appropriated above to the Texas Department of Agriculture, there is hereby appropriated \$500,000 in fiscal year 2002 and \$500,000 in fiscal year 2003 out of the General Revenue Fund for the purpose of making salary increases for select job classes.

DEPARTMENT OF AGRICULTURE
(Continued)

The Texas Department of Agriculture is hereby authorized to transfer the appropriation made pursuant to this provision to the appropriate strategy items listed above.

25. **Contingency for House Bill 1086.** Contingent upon enactment of House Bill 1086, or similar legislation relating to the establishment of a grant program for the provision of surplus agricultural products to eligible recipients identified by local food banks and agencies, by the Seventy-seventh Legislature, Regular Session, the Department of Agriculture is hereby appropriated \$250,000 in fiscal year 2002 and \$250,000 in fiscal year 2003 out of the General Revenue Fund for the sole purpose of implementing that Act.

2. **Per Diem: School Land Board and Veterans' Land Board.** Citizen members of the School Land Board and Veterans' Land Board may be paid per diem at a rate not to exceed the amount established elsewhere in this Act and actual expenses from funds appropriated above.
3. **Appropriation Source: Veterans' Land Program.** Included in amounts appropriated above in Strategy C.1.1, Veterans Benefits Programs, is \$2,083,852 in fiscal year 2002 and \$2,140,750 in fiscal year 2003 from the Veterans Land Program Administration Fund No. 522. In addition to amounts appropriated above, there is hereby appropriated from the Veterans' Land Funds, the Veterans' Housing Assistance Funds and the fund for State Veterans Homes, all amounts necessary to administer the Veterans' Land Program, Veterans' Housing Assistance Program, and the State Veterans Homes, respectively, including the amounts incurred in issuing bonds, in compensating a Housing Program Administrator, and in paying contracts for services rendered in administering the land and housing programs, as created and authorized by Article III, §§ 49b, 49b-1, and 49b-2 of the Texas Constitution, as amended.
4. **Appropriation of Receipts: Land Sales Expenses.** Pursuant to §§ 31.1571, 31.158 and 32.112, Natural Resources Code, there is hereby appropriated to the General Land Office receipts from land sales sufficient to cover the usual and customary costs of conducting real estate transactions as authorized to be retained by the General Land Office and the School Land Board.
5. **Transfer Authority.** Notwithstanding limitations on appropriation transfers contained in the General Provisions of this Act, the General Land Office and Veterans' Land Board, is hereby authorized to direct agency resources, and transfer such amounts appropriated above between appropriation line items.
6. **Appropriation: Defense of Title to Permanent School Fund Land and Prosecution of Mineral Lease Claims or Cases.** Included in amounts appropriated above in Strategy A.1.1, Energy Lease Management, is \$1,370,555 in fiscal year 2002 and \$1,250,000 in fiscal year 2003 in Appropriated Receipts from funds recovered for the Available School Fund by the General Land Office from the prosecution of Relinquishment Act, royalty deficiency and other mineral lease claims or cases. Such funds are to be used for the defense of title to Permanent School Fund lands, and the prosecution of Relinquishment Act, royalty deficiency and other mineral lease claims or cases.
7. **Appropriation: Receipts and Account Balances for Surface Damages.** Included in the amounts appropriated above is \$300,000 in fiscal year 2002 and \$300,000 in fiscal year 2003

in Strategy A.1.1, Energy Lease Management in receipts collected as surface damages pursuant to §§ 52.297, 53.155, 31.051, 51.291, 51.295 and 51.296, Natural Resources Code. Such funds are appropriated for the purpose of funding conservation or reclamation projects making permanent improvements on Permanent School Fund land, and making grants to a lessee of Permanent School Fund land for these purposes, and for the purpose of purchasing easements for access to Permanent School Fund land, as authorized by § 11.079, Natural Resources Code. In addition to funds appropriated above, additional revenues received from surface damage receipts are hereby appropriated to the General Land Office for the same purposes.

- 8. **Appropriation: Easement Fees for Use of State-owned Riverbeds.** The General Land Office is hereby appropriated all unencumbered balances on hand as of August 31, 2001, (estimated to be \$45,200 in General Revenue) and all amounts collected as easement fees for use of state-owned riverbeds pursuant to § 51.291, Natural Resources Code, or agency rules, during the biennium beginning September 1, 2001, for the removal or improvement of unauthorized structures on Permanent School Fund lands.
- 9. **Unexpended Balances.** Any unexpended balances as of August 31, 2002 in the appropriations made herein to the General Land Office and Veterans' Land Board are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2002.
- 10. **Sunset Contingency.** Funds appropriated above for fiscal year 2003 for the Coastal Coordination Council housed within the General Land Office are made contingent on the continuation of the Coastal Coordination Council by the Legislature. In the event that the Coastal Coordination Council is not continued, the funds appropriated for fiscal year 2002 or as much thereof as may be necessary are to be used to provide for the phase out of the Coastal Coordination Council operations.
- 11. **Veterans Home Awareness Campaign.** It is the intent of the Legislature that the General Land Office, out of funds appropriated above and pursuant to its authority under Chapter 164 of the Natural Resources Code to provide for, operate, or improve veterans homes, conduct a marketing campaign designed to attract residents to the William R. Courtney Texas State Veterans Home in Temple; the Clyde W. Cosper Texas State Veterans Home in Bonham; the Lamun-Lusk-Sanchez Texas State Veterans Home in Big Spring; and the Frank M. Tejada Texas State Veterans Home in Floresville.

2. **Contingency Cash Flow.** If the Legislative Budget Board and Governor determine after review of relevant information that cash flow difficulties will occur as a result of the appropriations made above, the board and Governor may authorize the Texas Natural Resource Conservation Commission (TNRCC) to temporarily expend general revenue funds for the purpose of meeting the temporary cash flow needs of TNRCC, limited to the amounts appropriated above. The transfer of funds shall be repaid to the General Revenue Fund by the end of the fiscal year in which the funds were transferred under procedures and standards established by the Comptroller of Public Accounts.
3. **Authorization: Aircraft Chartering.** Notwithstanding any other provision of this Act, the Texas Natural Resource Conservation Commission is authorized to spend appropriated funds for the chartering of aircraft for the purposes of monitoring environmental quality, and the enforcement of environmental and water rights laws of the State.
4. **Waste Facility Application Fees.** Amounts appropriated above, out of the Waste Management Account No. 549, include and shall not exceed \$75,000 in each fiscal year of the biennium from permit application fees assessed by the agency for industrial solid waste and hazardous waste facilities as authorized by Health and Safety Code § 361.137.
5. **Authorization: Water and Air Program Fee Rates and Revenue Appropriation.** To provide for the recovery of costs of processing applications, the following fee rate is established

NATURAL RESOURCE CONSERVATION COMMISSION

(Continued)

pursuant to Subchapter E, Chapter 316, Government Code, to be effective during the biennium covered by this Act.

The maximum rate for the fees authorized under § 5.235(b) and § 5.235(c), Water Code, shall be \$2,000.

The maximum rate for fees authorized under § 382.062 of the Health and Safety Code shall be \$80,000.

6. **Appropriations Limited to Revenue Collections: Automobile Emission Inspections.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy item A.1.4, Air Quality Assessment and Planning, is \$1,400,000 in each year of the biennium for the operation of the vehicle emissions inspection and maintenance program pursuant to Section 382.037, Health and Safety Code and Executive Order GWB96-1. These funds are for the purpose of developing, administering, evaluating, and maintaining the vehicle emissions inspection and maintenance program, including federally required reporting measures to demonstrate compliance with applicable federal and state laws.

In addition to the amounts appropriated above, to implement mandatory changes in the vehicle emissions inspection and maintenance program, an additional \$76,000 in automobile inspections fee revenues is appropriated to the Natural Resource Conservation Commission in fiscal year 2002 and an additional \$228,200 is appropriated in fiscal year 2003 out of the Clean Air Account No. 151.

In addition, if additional counties are brought into the vehicle emissions inspection and maintenance program, 20 percent of revenues generated from the vehicle emissions and inspections fee in the additional counties in each fiscal year 2002 and 2003 are hereby appropriated to the agency for the purpose of developing, administering, evaluating and maintaining the vehicle emissions inspection and maintenance program in the additional counties.

It is the intent of the Legislature that 20 percent of the fees authorized and generated by the operation of the vehicle emissions inspection and maintenance program cover, at a minimum, the costs of the appropriations made above, as well as the "Other direct and indirect costs" associated with the program, appropriated elsewhere in this Act. "Other direct and indirect costs" for the vehicle emissions inspection and maintenance program are estimated to be \$139,350 for fiscal year 2002 and \$148,219 for fiscal year 2003. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

7. **Local Air Pollution Grants Allocation.** Included in the amounts appropriated above an amount not less than \$2,800,000 out of the Clean Air Account No. 151 in Strategy A.1.4, Air Quality Assessment and Planning, in each year of the biennium shall be utilized to fund grants or cooperative agreements with eligible local air pollution programs under § 382.0622, Health and Safety Code. It is provided, however, that the combined federal and state share of the funding for any such local air pollution programs shall not exceed 67 percent of the total allocation to the programs, with the local share being based on the local dollars allocated pursuant to maintenance-of-effort requirements for federal air pollution grants.
8. **Fee Revenue: Pollution Control Equipment Exemptions.** Pursuant to § 11.31, Tax Code, included in amounts appropriated above out of the General Revenue Fund in Strategy A.1.7, Pollution Prevention and Recycling, is \$133,600 each fiscal year from fee revenue

NATURAL RESOURCE CONSERVATION COMMISSION

(Continued)

collected beginning with the effective date of this Act for the purpose of determining whether pollution control equipment is exempt from taxation.

In addition to amounts appropriated above, any amounts collected by the Texas Natural Resource Conservation Commission pursuant to Tax Code, § 11.31 on or after September 1, 2001, in excess of \$133,600 in each fiscal year of the biennium are hereby appropriated to the agency.

9. **Authorization: Operating Fund.** The Texas Natural Resource Conservation Commission (TNRCC) is hereby authorized to make transfers from any appropriation made to TNRCC into a single account in the General Revenue Fund known as the "Texas Natural Resource Conservation Commission Operating Fund" for the purpose of making expenditures for which appropriations were made in this Act. After the expenditures have been made from the fund and as soon as the proper strategies have been identified, TNRCC shall process adjustments to the Comptroller in summary accounts to facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes as now described by law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.
10. **Water Resource Fees.** Included in amounts appropriated above out of the Water Resource Management Account No. 153, is \$3,488,709 each fiscal year from fees collected pursuant to the provisions of Health and Safety Code, Chapter 341, for the biennium beginning with the effective date of this Act, for the purpose of implementing the provisions of that statute and the Federal Safe Drinking Water Act.
11. **On-site Sewage Disposal System Fees.** Included in amounts appropriated above out of the Water Resource Management Account No. 153, in Strategy A.1.2, Water Resource Permitting, is \$739,472 in fiscal year 2002 and \$708,322 in fiscal year 2003 from estimated revenues assessed and collected pursuant to Chapter 366, Subchapters D and E, Health and Safety Code, for the purpose of administration of programs for the regulation and management of on-site sewage disposal systems.

In addition to amounts appropriated above, any amounts collected by the Texas Natural Resource Conservation Commission pursuant to Health and Safety Code, Chapter 366, Subchapters D and E on or after September 1, 2001, in excess of \$739,472 in fiscal year 2002 and \$708,322 in fiscal year 2003 are hereby appropriated to the agency.

12. **Reimbursement of Advisory Committee Members.** Pursuant to Government Code § 2110.004, reimbursement of expenses for advisory committee members out of funds appropriated above is limited to the following advisory committees:

Irrigators Advisory Council
Small Business Compliance Advisory Panel
Waste Reduction Advisory Committee
Municipal Solid Waste Management and Resource Recovery Advisory Council

13. **Appropriation: Near Non-Attainment Area Air Quality Planning.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.4, Air Quality Assessment and Planning, is \$5,075,000 for the biennium for air quality planning activities in areas considered to be near non-attainment for the ozone standard under the federal Clean Air Act Amendments of 1990, which include Austin, Corpus Christi, Longview-Tyler-Marshall, San Antonio, and Victoria. These activities may include identifying, inventorying, and monitoring of current pollution levels; modeling future pollution levels; and the identification and quantification of potential pollution reduction through voluntary controls. The areas receiving funds shall coordinate with the Texas Natural Resource Conservation Commission to ensure that these

NATURAL RESOURCE CONSERVATION COMMISSION

(Continued)

activities are consistent with agency monitoring, inventory and modeling approaches and infrastructure.

Any unexpended balances from this appropriation as of August 31, 2002, are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2002.

For cash flow purposes, the Natural Resource Conservation Commission may utilize General Revenue Funds in an amount not to exceed \$2 million for the 2002–03 biennium, pending repayment through receipts and balances to the Clean Air Account No. 151. The General Revenue amounts shall be utilized to conduct air quality planning activities in areas considered to be near non-attainment for the ozone standard. Any unencumbered balances remaining in the Clean Air Account No. 151 on August 31, 2003, shall be used to repay amounts transferred from the General Revenue Fund. Any transfers or repayments shall be made in accordance with procedures established by the Comptroller.

14. **Appropriations Limited to Revenue Collections: Occupational Licensing.** It is the intent of the Legislature that fees, fines and other miscellaneous revenues deposited to the TNRCC Occupational Licensing Account No. 468 as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for strategy item B.1.3, Occupational Licensing, as well as the “Other direct and indirect costs” associated with this strategy, appropriated elsewhere in this Act. “Other direct and indirect costs” for strategy item B.1.3, Occupational Licensing, are estimated to be \$300,020 for fiscal year 2002 and \$317,408 for fiscal year 2003. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
15. **Bosque River Water Quality Monitoring.** Out of funds appropriated above in Strategy A.1.5, Water Assessment and Planning, the Texas Natural Resource Conservation Commission shall conduct water quality monitoring of the Bosque River.
16. **Contingency Appropriation: Fee Appropriation for Watermaster Offices.** In addition to amounts appropriated above out of the Watermaster Administration Account No. 158 in Strategy A.1.2, Water Resource Permitting, there is hereby appropriated all revenue collected by the Texas Natural Resource Conservation Commission (TNRCC) from additional fees generated pursuant to § 11.329 of the Water Code due to the implementation of increased fee rates at the Rio Grande and South Texas watermaster offices, and due to new watermaster offices created on or after September 1, 2001, by petition of the affected water rights holders (estimated to be \$92,725 each year of the biennium).

Any unexpended balances from this appropriation as of August 31, 2002, are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2002.

17. **Contract with the State Office of Administrative Hearings.** Included in the amounts appropriated above is \$938,860 in fiscal year 2002 and \$938,860 in fiscal year 2003 to cover the cost of contracting with the State Office of Administrative Hearings for funding the Natural Resources Division for the purpose of conducting administrative hearings and for related expenses. The Texas Natural Resource Conservation Commission (TNRCC) and the State Office of Administrative Hearings may not enter into a contract for an amount less than the amounts specified herein. If the State Office of Administrative Hearings determines, at the end of each fiscal year, that the amount paid under the contract exceeds the necessary funding, it shall refund the difference to TNRCC. If the State Office of Administrative Hearings determines that the amounts are insufficient to fund the Natural Resources Division, the State Office of Administrative Hearings may enter into negotiations with TNRCC in order to renegotiate the interagency contract to provide additional funds for administrative hearings. The

NATURAL RESOURCE CONSERVATION COMMISSION

(Continued)

State Office of Administrative Hearings is not appropriated any state funds from such renegotiated contracts until it gives written notice to the Legislative Budget Board and the Governor, together with written permission of the agency.

18. **Recovered Costs and Responsible Party Payments.** In addition to the amounts appropriated elsewhere in this Act and in Strategy C.1.3, Hazardous Materials Cleanup, the Texas Natural Resource Conservation Commission is hereby appropriated for the biennium, beginning with the effective date of this Act, all payments from judgements, settlements and responsible party payments deposited to the credit of Hazardous and Solid Waste Remediation Account No. 550 for the fiscal year ending August 31, 2001, (estimated to be \$100,000) and all similar revenues collected during the 2002–03 biennium. The funds shall only be used for investigation, assessment, remediation operation or maintenance performed at the contaminated site for which such funds have been contributed to the Account.

Any payments received from a site that requires no further remediation may be spent on any hazardous waste remediation activity in Strategy C.1.3, Hazardous Materials Cleanup.

19. **Agency Coordination.** The Texas Department of Transportation and the Texas Natural Resource Conservation Commission shall coordinate their efforts on the acquisition and potential uses of crumb rubber and shredded tire pieces in the various phases of highway construction. The Texas Department of Transportation and the Texas Natural Resource Conservation Commission shall provide to the appropriate Legislative Committees a report on their progress by January 1 of each fiscal year.
20. **Environmental Hotline.** Out of amounts appropriated above in Strategy A.1.4, Air Quality Assessment and Planning, the Texas Natural Resource Conservation Commission shall maintain a state toll-free telephone line to receive reports concerning violations or suspected violations of environmental laws, in conjunction with the Smoking Vehicle Hotline.
21. **Costs Recovered for Petroleum Storage Tank Remediation.** In addition to the amounts appropriated elsewhere in this Act and in Strategy C.1.2, Storage Tank Cleanup, the Texas Natural Resource Conservation Commission is hereby appropriated for the biennium beginning with the effective date of this Act all payments received from responsible parties as reimbursements and deposited to the Petroleum Storage Tank Remediation Account No. 655 for the costs of investigation, remediation, operation, or maintenance of leaking petroleum storage tank sites (estimated to be \$100,000 in each fiscal year of the biennium).
22. **Certification of Section 404 Permits.** Except for the review of a federal permit or license by the state that is required in order to maintain delegation of a federal program or to comply with a requirement of federal law, none of the funds appropriated above may be expended by the Commission for the purpose of certification of a federal permit issued by the U.S. Army Corps of Engineers under § 404 of the Clean Water Act.
23. **Texas Parks and Wildlife Environmental Special Investigations Unit.** Included in amounts appropriated above in Strategy B.1.2, Enforcement and Compliance Support, is \$250,000 out of Waste Management Account No. 549 for each fiscal year of the biennium for the purpose of supporting the Texas Parks and Wildlife Department's Environmental Special Investigations Unit to enforce state and federal laws on illegal dumping. This appropriation is contingent on a memorandum of understanding and an interagency transfer of the funds between the Texas Parks and Wildlife Department and the Texas Natural Resource Conservation Commission to jointly administer the program. Any unexpended balance of this appropriation from fiscal year 2002 is appropriated for the same purpose for fiscal year 2003.

NATURAL RESOURCE CONSERVATION COMMISSION

(Continued)

24. **Air Pollution/Haze Study.** Out of amounts appropriated above, the Texas Natural Resource Conservation Commission shall conduct a study of the air pollution/haze problem along the Texas/Mexico border, with particular emphasis on the air pollution/haze in Big Bend National Park. The study should include the causes of pollution/haze, the effects of such pollution/haze, as well as any potential short-term and long-term remedies. The study should be concluded and the commission shall begin implementation of the study prior to January 1, 2003.
25. **Appropriation Irrigator Fees.** Included in amounts appropriated above out of the Occupational Licensing Account No. 468 in Strategy B.1.3, Occupational Licensing, is \$120,300 in each fiscal year of the biennium from estimated revenues assessed and collected pursuant to Water Code, Chapter 34, for the purpose of the licensing and regulating irrigators. In addition to amounts appropriated above, any amounts collected by the Texas Natural Resource Conservation Commission pursuant to Water Code, Chapter 34, on or after September 1, 2001, in excess of \$120,300 each fiscal year (estimated to be \$100,000 each fiscal year) are hereby appropriated to the agency for the same purposes.
26. **Appropriations Limited to Available Balances and Revenue Collections.** Amounts appropriated herein out of the Clean Air Account No. 151 to the Texas Natural Resource Conservation Commission shall consist of unencumbered and unobligated balances in the Account as of August 31, 2001, and fee revenue collected on or after September 1, 2001.
27. **Agency to Pursue Federal Funding for the Rio Grande Water Availability Modeling Project.** It is the intent of the Legislature that the Natural Resource Conservation Commission pursue every available source of federal funding to support the Rio Grande Water Availability Modeling Project in fiscal years 2002 and 2003. In the event that the agency receives federal funding for the Rio Grande Water Availability Project, then the amount of General Revenue to be expended on the project (estimated to be \$1,600,000 in each fiscal year of the biennium) shall be reduced by the amount of federal funds received for the project. An amount of General Revenue equal to the amount of federal funds received for the Rio Grande Water Availability Project shall be expended to develop and implement Total Maximum Daily Loads (TMDLs).
28. **Federal Funds and Capital Budget Expenditures.** To comply with the legislative intent to maximize the use of federal funds and to fulfill grant requirements required for the receipt and expenditure of federal funds, the Texas Natural Resource Conservation Commission (TNRCC) is hereby exempted from the Capital Budget Rider Provisions contained in Article IX of this Act, "Limitations on Expenditures - Capital Budget", when federal funds are received in excess of amounts identified in the agency's Capital Budget Rider and such funds are federally designated solely for the purchase of specific capital items. TNRCC shall notify the Legislative Budget Board and the Governor upon receipt of such federal funds, of the amount received and items to be purchased.
29. **Waste Tire Recycling.** It is the intent of the Legislature that the Natural Resource Conservation Commission communicate and work with electric utilities and other industries located in Bexar, Cameron, Comal, El Paso, and Hidalgo Counties to encourage the use of tire-derived fuel.
30. **Appropriation: Operating Permit Fees.** In calculating the amount of the fee to be collected under § 382.0621, Health and Safety Code, the commission shall include upset and maintenance emissions in the total emissions for each source.

In addition to amounts appropriated above, there is hereby appropriated to the commission all fee revenue collected from upset and maintenance emissions (estimated to be \$1.1 million in each fiscal year of the biennium). These funds shall be used for enforcement and monitoring activities in Strategy A.1.1, Air Quality Permitting; Strategy A.1.4, Air Quality Assessment and Planning; and Strategy B.1.2, Enforcement and Compliance Support.

NATURAL RESOURCE CONSERVATION COMMISSION

(Continued)

31. **Leon Watershed and North Bosque Watershed Monitoring:** Out of funds appropriated above, the Commission shall produce and report a list of the physical locations and numbers of cattle for all state-permitted milk-producing Concentrated Animal Feeding Operations (CAFOs) in the Leon River Watershed and the North Bosque Watershed, as well as a map showing their locations on the watershed with respect to the river and its tributary creeks. The Commission also shall produce and report a list of all pending applications for CAFO permits in the Leon River Watershed and the North Bosque Watershed. The Commission also shall, out of funds appropriated above, activate water quality monitoring sites in the Leon River Watershed and the North Bosque Watershed, collect samples above those sites on a quarterly basis, and report the results of that monitoring on a quarterly basis. Samples collected from Leon River Watershed and North Bosque Watershed's water quality monitoring sites shall be analyzed, at a minimum, for Nitrogen-Nitrite + Nitrate, Orthophosphate-Phosphorous, Dissolved Oxygen, Chloride, Sulfate, Sodium, Potassium, Magnesium, Calcium, total suspended solids, E. Coli, temperature, conductivity, pH, total phosphorous, and total dissolved solids. The Commission shall report all required information to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, each member of the House Committee on Appropriations, each member of the Senate Committee on Finance, each member of the House Committee on Natural Resources and each member of the Senate Committee on Natural Resources.

32. **Appropriation: Refinement and Enhancement of Modeling to Demonstrate Attainment with the Clean Air Act.** Included in amounts appropriated above in Strategy A.1.4, Air Assessment and Planning, is \$4,000,000 in fiscal year 2002 for research to obtain the data and information to refine and enhance any model used to demonstrate attainment with the National Ambient Air Quality Standard (NAAQS) for ozone under the Federal Clean Air Act. These funds may also be used to collect data and for modeling to demonstrate attainment with the National Ambient Air Quality Standard for Ozone. The Natural Resource Conservation Commission may contract as necessary to carry out these activities.

Any unexpended balances remaining in this appropriation on August 31, 2002 are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2002.

33. **Grants for Removal of Solid Waste.** Included in the amounts appropriated above in Strategy A.1.6, Waste Assessment and Planning, is \$100,000 out of the Solid Waste Disposal Account No. 5000 in fiscal year 2002 for the purpose of awarding grants to local governments for the removal of solid waste.

Any unexpended balance remaining in this appropriation as of August 31, 2002, is hereby appropriated to the agency for the same purposes in the fiscal year beginning September 1, 2002.

34. **Waste Tires.** Out of amounts appropriated above, the Texas Natural Resource Conservation Commission shall enforce statutory requirements relating to waste, scrap, or used tires. It is the intent of the Legislature that all reasonable steps be taken to minimize the illegal storage, transport, or disposal of waste or scrap tires. The commission shall audit or otherwise monitor businesses that sell, transport, or store such tires and identify illegal or improper activities as well as study methods for achieving a greater level of compliance for tire disposal within the State of Texas. The commission also shall seek opportunities for coordination with other agencies, such as the Comptroller of Public Accounts, through interagency agreements or contracts. Cooperating agencies would use routine contracts with taxpayers during audits or other activity to obtain copies of tire manifests or other information relating to tire transport or storage in accordance with Health and Safety Code, § 361.112. Such agreements should provide that the cooperating agency transmit such records to the commission for review and analysis and should be designed to have minimal costs for the cooperating agency. The commission shall submit a report not later than December 1, 2002, to the Legislative Budget Board and the Governor detailing their efforts and findings in accordance with this provision.

NATURAL RESOURCE CONSERVATION COMMISSION

(Continued)

35. **Waste Tire Disposal Grants.** Included in the amounts appropriated above in Strategy A.1.7, Pollution Prevention and Recycling, is \$7,500,000 in fiscal year 2002 out of the Solid Waste Disposal Account No. 5000 to be used to make grants for the disposal of waste tires and scrap tire. In selecting grant recipients, the Natural Resource Conservation Commission shall give preference to proposals that involve recycling the material and result in local job creation. In addition, grant recipients shall agree that any environmental threat of fire associated with waste tires and scrap tires will be eliminated within one year of the effective date of such grants.

Any unexpended balance remaining in this appropriation on August 31, 2002, is hereby appropriated to the Natural Resource Conservation Commission for the same purposes for the fiscal year beginning September 1, 2002.

36. **Grants for Tire-derived Fuels.** Included in the amounts appropriated above to the Natural Resource Conservation Commission in Strategy A.1.7, Pollution Prevention and Recycling, is \$2,000,000 in fiscal year 2002 out of the Solid Waste Disposal Account No. 5000 for the purpose of awarding grants to support the use of tire-derived fuel. These grants are to be used to implement the settlement of lawsuits related to the State Implementation Plans (SIPs) for air quality.

Any unexpended balance remaining in this appropriation as of August 31, 2002, is hereby appropriated to the agency for the same purposes in the fiscal year beginning September 1, 2001.

37. **Disposition of Former Low-level Radioactive Waste Site.** Not later than September 1, 2002, the Natural Resource Conservation Commission and the General Land Office shall transfer to the Board of Regents of the Texas State University System for use by Sul Ross State University the real property described by § 402.0921, Health and Safety Code, as that section existed immediately before August 31, 2001.

The Commission shall transfer the property by an appropriate instrument of transfer that requires Sul Ross State University to use the property in a manner that primarily promotes a governmental and educational purpose. The instrument of transfer also shall require that upon a decision by the Board of Regents of the Texas State University System to dispose of such property, the property shall revert to the General Land Office, and that all proceeds from the sale of such property shall be deposited to the credit of the General Revenue Fund.

38. **Appropriation: Targeted Salary Increase.** Notwithstanding other appropriations made by this Act relating to salary increases, in addition to amounts appropriated above to the Natural Resource Conservation Commission, there is hereby appropriated \$650,000 in fiscal year 2002 and \$1,300,000 in fiscal year 2003 out of the General Revenue Fund for the purpose of making salary increases for select job classes.

The Natural Resource Conservation Commission is hereby authorized to transfer the appropriation made pursuant to this provision to the appropriate strategy items listed above.

39. **Contingency Appropriation: House Bill 2912.** Contingent upon passage of House Bill 2912, or similar legislation relating to the continuation and functions of the Natural Resource Conservation Commission, the following changes shall be made to the appropriations to the Natural Resource Conservation Commission for the 2002–03 biennium:

Petroleum Storage Tank Remediation. Contingent upon the enactment of legislation providing for the reinstatement and extension of the petroleum product delivery fee and in addition to amounts appropriated above, the Natural Resource Conservation Commission is hereby appropriated revenues deposited to the Petroleum Storage Tank Reimbursement Account No. 655 on or after September 1, 2001 in an amount not to exceed \$88,654,673 in fiscal

NATURAL RESOURCE CONSERVATION COMMISSION
(Continued)

year 2002 and \$71,382,311 in fiscal year 2003 for Petroleum Storage Remediation activities. These amounts are appropriated to Strategy C.1. 2, Storage Tank Cleanup.

The following incremental and cumulative changes to key measure targets reflect funding levels contingent upon enactment of House Bill 2912 or similar legislation providing for the reinstatement and extension of the petroleum product delivery fee:

	<u>2002</u>	<u>2003</u>
Percent of Leaking Petroleum Storage Tank Sites Cleaned Up (cumulative)	80%	85%
Number of Petroleum Storage Tank Self-certifications Processed (incremental)	11,140	11,140
Number of Petroleum Storage Tank Cleanups Completed (incremental)	720	1,890

Petroleum Storage Tank Remediation Fund Restrictions. Out of funds appropriated above in Strategy C.1.1, Storage Tank Administration, not more than \$1,005,000 in fiscal year 2002 may be allocated from the Waste Management Account No. 549, out of funds transferred from the Petroleum Storage Tank Remediation (PSTR) Account No. 655, in accordance with Water Code § 26.3573(d)-(e). Furthermore, the Texas Natural Resource Conservation Commission shall not transfer funds from the PSTR Account from Strategy C.1.2, Storage Tank Cleanup to any other strategy.

In addition, contingent upon the enactment of legislation providing for the reinstatement and extension of the petroleum product delivery fee and in addition to amounts appropriated above, the Natural Resource Conservation Commission is hereby appropriated revenues transferred and deposited to the Waste Management Account No. 549 from the Petroleum Storage Tank Remediation Account No. 655, in accordance with Water Code § 26.3573 (d)-(e) in an amount not to exceed \$8,288,994 in fiscal year 2002 and \$11,396,115 in fiscal year 2003. These amounts are hereby appropriated to Strategy C.1.1, Storage Tank Administration. Additionally, contingent upon the enactment of legislation providing for the reinstatement and extension of the petroleum product delivery fee, the “Number of Full-Time Equivalent Positions (FTE)” figure indicated above is hereby increased by 69 in fiscal year 2002 and by 86 in fiscal year 2003 for storage tank administration activities in Strategy C.1.1, Storage Tank Administration.

For the purposes of implementing activities supported in Strategy C.1.1, Storage Tank Administration, the agency is exempt from provisions in Article IX, § 6.14 (c) (4) relating to the inclusion of temporary or contract workers in the calculation of the number of FTEs employed by a state agency.

Reallocation of Revenue and Balances for Certain Accounts. Contingent upon the passage of legislation relating to funding flexibility for the Texas Natural Resources Conservation Commission by the Seventy-seventh Legislature and notwithstanding provisions relating to Appropriation Transfers within in the General Appropriations Act, the agency is hereby authorized to reallocate not more than seven percent of the All Funds amount identified in the Method of Finance above from the following accounts (consisting of revenues and balances) to be used for purposes identified in the above strategies.

- Clean Air Account Fund Account No. 151
- Water Resource Management Account No. 153
- Waste Management Account No. 549
- Solid Waste Disposal Fee Account No. 5000
- Hazardous and Solid Waste Remediation Fee Account No. 550
- Used Oil Recycling No. 146
- Occupational Licensing No. 468
- Watermasters Administration No. 158

NATURAL RESOURCE CONSERVATION COMMISSION

(Continued)

The Commission shall notify the Governor and the Legislative Budget Board of any decision to reallocate funds between accounts prior to any such reallocations.

Sludge Land Application Permitting Program. Contingent upon legislation requiring persons to obtain permits from the Natural Resource Conservation Commission for the land application of sludge, the Commission is hereby appropriated sludge permit fee revenues not to exceed \$122,770 in fiscal year 2002 and \$96,270 in fiscal year 2003 out of the Waste Management Account No. 549.

In addition, the “Number of Full-Time Equivalent Positions (FTE)” figure indicated above is hereby increased by one in each fiscal year of the biennium.

Pollution of Aquifers Study. It is the intent of the Legislature that the Texas Natural Resource Conservation Commission, pursuant to its authority under Chapter 26 of the Water Code, study the problems caused by petroleum storage tanks located above aquifer recharge zones, with particular emphasis on the spillage of benzene, toluene, and MBTE into the Trinity aquifer. It is the intent of the Legislature that the study:

- a. include the causes of pollution by petroleum storage tank system, the health and safety effects of inadequate containment systems, and short-term and long-term solutions and remedies;
- b. should be concluded by not later than January 1, 2002, with a written report on the study made available to all members of the Legislature by that date; and
- c. cost not more than \$100,000 and be funded out of other amounts appropriated to the commission by this Act.

* 40. **Contingency Appropriation: Senate Bill 1541.** Contingent upon passage of Senate Bill 1541, or similar legislation relating to the permanent management of low-level radioactive waste, by the Seventy-seventh Legislature, Regular Session, the Natural Resource Conservation Commission is hereby appropriated any fee revenues generated to the Low-level Radioactive Waste Account No. 88 as a result of the bill’s enactment (estimated to be \$1,245,000 for the 2002–03 biennium). This appropriation shall be used to implement the provisions of the bill.

** 41. **Contingency Appropriation: Senate Bill 2134.** Contingent upon passage of House Bill 2134 by the Seventy-seventh Legislature, Regular Session, or similar legislation establishing a Low-Income Vehicle Repair Assistance, Retrofit and Accelerated Vehicle Retirement Grant program, the Natural Resource Conservation Commission is hereby appropriated fee revenues not to exceed \$186,365 in fiscal year 2002 and \$162,365 in fiscal year 2003 out of the Clean Air Account No. 151 for administrative costs for the program established by the bill. In addition, the Natural Resource Conservation Commission is hereby appropriated fee revenues not to exceed \$3,197,635 in fiscal year 2002 and \$13,593,635 in fiscal year 2003 out of the Clean Air Account No. 151 to be used to provide funding to counties for low-income vehicle repair assistance, retrofit, and accelerated vehicle retirement programs according to the provisions of the bill. This appropriation is contingent upon the agency generating sufficient new fee revenues as a result of the bill’s enactment.

In addition, the “Number of Full-Time Equivalent Positions (FTE)” figure above is hereby increased by three in each fiscal year of the biennium.

42. **Sunset Contingency.** Funds appropriated above for fiscal year 2003 for the Natural Resource Conservation Commission are made contingent on the continuation of the Natural Resource Conservation Commission by the Legislature. In the event that the agency is not continued, the funds appropriated for fiscal year 2002 or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.

*Senate Bill 1541 did not pass.

**Should read “House Bill 2134.”

2. **Appropriation: Texas Park Development Bonds Interest and Sinking Receipts.** There are hereby appropriated all Texas Park Development Bonds Interest and Sinking Receipts pursuant to and for the purposes as set out by the provisions of Section 49-e, Article III, Texas Constitution and Parks and Wildlife Code, Chapter 21.
3. **Appropriation: Escrow Accounts.** In addition to amounts appropriated above in Strategy A.1.1, Public Hunting and Fishing, Strategy A.2.2, Capital Programs, and Strategy C.2.1, Manage Fish and Wildlife, any unexpended balances as of August 31, 2001, and any revenue received during this biennium (estimated to be \$900,000 each fiscal year in Game, Fish, and Water Safety, Account No. 9, and \$50,000 each fiscal year in Lifetime License Endowment, Account No. 54), consisting of either principal or interest, from trust or escrow accounts set up to benefit the Parks and Wildlife Department are hereby appropriated.
4. **Authorization: Purchase of Evidence.** From the amounts appropriated above, the Parks and Wildlife Department is hereby authorized to establish a cash fund, for the purchase of evidence and/or information and surveillance deemed necessary by the department for enforcement of laws under the Parks and Wildlife Code.
5. **Authorization: Acceptance of Payment with Goods and Services.** The Parks and Wildlife Department is hereby authorized to accept goods and/or services in lieu of cash for sales of products or rights on the department's public land areas. These goods and services may be on the same public land area as the product or right sold or any other public land area. In order to procure the goods and services in the amounts needed that equal the value of products or rights sold, an escrow bank account may be utilized.
6. **Commissioned Peace Officer Compensation.** The Executive Director of the Parks and Wildlife Department may not provide for the compensation of a state-commissioned peace officer at a rate less than the rate paid by any other state agency to a state-commissioned peace officer performing similar duties.
7. **Outreach Programs.** Out of amounts appropriated above in Strategy B.1.2, Local Parks, the Parks and Wildlife Department shall continue partnership projects by contracting a total of \$1,250,000 each fiscal year of the 2002–03 biennium in partnership programs for underserved populations.
8. **Appropriation: Unexpended Balance for Construction Projects.** The Department is hereby appropriated for each fiscal year of the biennium beginning with the effective date of this Act, any unexpended balances from appropriations previously made for construction, repair, acquisition, and renovation projects in House Bill No. 1, Acts of the Seventy-fifth Legislature, Regular Session and House Bill No. 1, Acts of the Seventy-sixth Legislature, Regular Session for the purposes that these appropriations were originally made (estimated to be \$14,879,671). Any unexpended balances remaining in such appropriation items at August 31, 2002, are hereby appropriated for the same purposes for the fiscal year beginning September 1, 2002. Any appropriation made in this Act to the Parks and Wildlife Department for construction and improvement projects shall include labor and all necessary costs involved in the project. It is provided, however, that the Parks and Wildlife Department shall have information available at the close of each fiscal year showing the progress and costs involved in the expenditure of such appropriation items.

9. **Construction and Land Owner Incentive Grants.** Funds appropriated for local parks that are utilized for grants awarded for local park construction projects in excess of \$25,000 and landowner incentive grants shall be treated as construction appropriations for the purpose of determining the life of the appropriation under the provisions of § 403.071, Government Code. It is provided, however, that the Texas Parks and Wildlife Department shall provide the Governor and the Legislative Budget Board a status report at the close of each fiscal year showing the progress and costs for any grant for local park construction projects and landowner incentive grants not completed within two years of the date the grant was awarded.
10. **State Parks, Community Concerns, and Inmate Labor.** The Parks and Wildlife Department is directed to give priority to community concerns regarding state parks, and may use inmates from the Texas Department of Criminal Justice to provide labor for park development and repair, and to provide labor for cleanup at beaches within state parks.
11. **Fund Transfer Authority.** The Parks and Wildlife Department is hereby authorized to transfer funds between any funds/accounts authorized by the Parks and Wildlife Code in order to alleviate cash flow problems during the biennium. All funds transferred must be returned to the original fund/account before the end of the biennium.
12. **Clothing Provision.** It is the intent of the Legislature that no funds may be expended to provide a clothing or cleaning allowance to any non-uniformed personnel. The Department may continue to expend funds for a cleaning allowance not to exceed \$500 per year.
13. **Lease Payments.** Included in amounts appropriated above in Strategy A.2.2, Capital Programs, are lease payments of \$5,134,688 in fiscal year 2002 and \$5,571,538 in fiscal year 2003 out of the General Revenue Fund which shall be transferred to the Texas Public Finance Authority for debt service payments on revenue bonds or other revenue obligations as authorized by § 13.0045, Parks and Wildlife Code.
14. **Appropriation: State-owned Housing Authorized.** Employees designated by the department at each state park, wildlife management area and hatchery are authorized to live in state-owned housing at a rate determined by the department. Other department employees may live in state-owned housing as set forth in Article IX, § 9.09, State Owned Housing – Recover Housing Costs. It is provided, however, that the Parks and Wildlife Department shall report biennially to the Legislative Budget Board and the Governor, the race, gender, and ethnicity, position title and classification, and salary of employees that reside in state-owned housing.

In addition to amounts appropriated above in Strategy A.1.1, Public Hunting and Fishing, and Strategy A.2.1, Operate State Parks, rental income collected from employee housing (estimated to be \$209,000 in Appropriated Receipts each fiscal year) is hereby appropriated for maintenance of employee housing.
15. **Indoor Recreation Facilities.** Included in the amounts appropriated above in Strategy B.1.2, Local Parks, is \$2,000,000 which consists of interest earnings accrued as of August 31, 2001, and earned through the biennium ending August 31, 2003, in the Texas Parks and Recreation and Parks Account No. 467. This amount shall be used to fund local grants for the development of indoor recreation facilities. Any unexpended balance of such appropriations on August 31, 2002, is appropriated for the same purpose for the fiscal year beginning September 1, 2002.
16. **Sunset Contingency.** Funds appropriated above for fiscal year 2003 for the Parks and Wildlife Department are made contingent on the continuation of the Parks and Wildlife Department by the Legislature. In the event that the agency is not continued, the funds appropriated for fiscal year 2002 or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.

PARKS AND WILDLIFE DEPARTMENT

17. **Boat and Boat Motor Sales and Use Tax.** Amounts appropriated above to the Parks and Wildlife Department include \$10,600,000 for the biennium out of Boat and Boat Motor Sales and Use Tax receipts in the General Revenue Fund. This amount is in addition to General Revenue appropriations from the Sporting Goods Sales Tax receipts which totals \$64,000,000 for the biennium. Total funding from these two sources is \$74,600,000 for the biennium.
18. **Appropriation: License Plate Receipts.** In addition to amounts appropriated above in Strategy A.2.1, Operate State Parks, and Strategy C.2.1, Manage Fish and Wildlife, there is hereby appropriated to the Parks and Wildlife Department all balances collected prior to the effective date of this Act (estimated to be \$87,000 in Big Bend National Park, Account No. 5030 and \$32,000 in Waterfowl and Wetland Conservation License Plates, Account No. 5057) and revenue collected on or after September 1, 2001 (estimated to be \$104,000 in Big Bend National Park, Account No. 5030 and \$64,000 in Waterfowl and Wetland Conservation License Plates, Account No. 5057 for the biennium) from the sale of license plates as provided by the Texas Department of Transportation Code §§ 502.295 and 502.303.

Any unexpended balances as of August 31, 2002, out of the appropriations made herein are appropriated to the Parks and Wildlife Department for the fiscal year beginning September 1, 2002.
19. **Limitation on Out-of-State Travel.** None of the funds appropriated above to the Parks and Wildlife Department may be expended for travel outside the state of Texas if such expenditures cause total out-of-state travel expenditures during each fiscal year to exceed an amount equal to 75 percent of out-of-state travel expenditures for the fiscal year ending August 31, 2000.
20. **Radio Systems.** The Parks and Wildlife Department is required to report on functional radio system interoperability with the Department of Public Safety by department law enforcement district by January 15, 2002. If interoperability has not been achieved for 50 percent of the radio system by that date, then appropriations to Strategy D.1.1, Central Administration, from Game, Fish and Water Safety Account No. 9 shall be reduced by \$250,000 in fiscal year 2002 and in fiscal year 2003. If interoperability has not been achieved for 85 percent of the radio system by January 15, 2003, appropriations to Strategy D.1.1, Central Administration, from Game, Fish and Water Safety Account No. 009 shall be reduced by an additional \$250,000 in fiscal year 2002 and in fiscal year 2003. All funds reduced from Strategy D.1.1, Central Administration, are to be separately accounted for by the Parks and Wildlife Department, and used to purchase and/or otherwise acquire radio system equipment and improvements for game wardens.
21. **Appropriation: Land Sale Proceeds.** In addition to amounts appropriated above, the Parks and Wildlife Department is hereby appropriated all proceeds collected on or after September 1, 2001, and any balances as of August 31, 2001, from the sale of land (estimated to be \$300,000 in Appropriated Receipts). In accordance with Parks and Wildlife Code § 13.009, the proceeds may only be used to improve or acquire other real property dedicated to the same purpose for which the land sold was dedicated.
22. **Commercial Fishery License Fees.** It is the intent of the Legislature that the Parks and Wildlife Department shall adjust rates charged for licenses in each of the Commercial Fishery Programs accordingly as to provide funds necessary to recoup all department costs associated with the management of each program. In making the fee determination, the department should consider the commercial value of the licenses and the amount needed to recoup department costs associated with management of the respective commercial fishery as outlined in the State Auditor Report No. 01-011.
23. **Appropriation of Receipts out of General Revenue-dedicated Accounts.** The Parks and Wildlife Department is hereby appropriated any revenues, including concession revenues, deposited to an account of the Department for the biennium beginning September 1,

PARKS AND WILDLIFE DEPARTMENT

2001 (not to exceed \$8,763,174 out of Game, Fish and Water Safety Account No. 9; all revenue collections in State Parks Account No. 64 during the 2002-03 biennium that exceed \$1,209,080; estimated to be \$291,856 out of Texas Parks and Wildlife Capital Account No. 5004; estimated to be \$189,377 out of Artificial Reef Account No. 679; and, estimated to be \$14,000 out of Shrimp License Buyback Account No. 5023). The Department is specifically authorized to expend these funds for purposes authorized by the Parks and Wildlife Code. However, the Department is authorized to expend these funds only to the extent that such expenditures comply with limitations established for salary, travel and capital expenditures, employment levels and other provisions contained in Article IX of this Act. Prior to expending any revenue collections to State Parks Account No. 64, the Parks and Wildlife Department shall report the purpose and amounts of the expenditure to the Legislative Budget Board and the Governor.

24. **Local Parks.** Out of amounts appropriated above in Strategy B.1.2, Local Parks, \$500,000 is to be used to establish a one to one matching grant to a park located in Region 4 for the development of a local park; not more than \$200,000 per fiscal year is to be used to provide a one-time grant to the Meteor Crater Site for operating costs; and not more than \$250,000 per fiscal year shall be used to construct park and trail systems along the Rio Grande, beginning with the most highly populated area and those parks and trails that serve the greatest number of visitors. Any unexpended balances in funds allocated for construction of park and trail systems along the Rio Grande River as of August 31, 2002 are appropriated for the same purpose for the fiscal year beginning September 1, 2002. The grants will be subject to criteria developed by the Department for the purpose of awarding these grants.
25. **Park Restoration.** Out of funds appropriated above in Strategy B.1.2, Local Parks, the department shall allocate \$1,000,000 for a one-time grant to the City of Houston for the purpose of completing park restoration projects at Hermann Park.
26. **Establish or Restore Services at State Parks.** Included in amounts appropriated above in Strategy A.2.1, Operate State Parks, is \$5.0 million (an amount not to exceed \$4,232,459 from the General Revenue Fund and \$767,541 from State Parks Account No. 064) and 81.5 full-time-equivalent positions in fiscal years 2002 and 2003, to open or establish services at seven parks or facilities, including the Franklin Mountains Tram, Chinati Mountains, Devil’s Sinkhole, Lake Casa Blanca, Fort Boggy, Government Canyon, Lake Tawakoni, and the World Birding Center Headquarters; to add education and outreach staff at state parks; and to fund critical staffing and equipment needs in the state parks system. These funds shall be allocated as follows:

Park/Facility	Amount Per Fiscal Year	Number of Positions
World Birding Centers (construction begins December 2001; Bentsen–Rio Grande State Park already open)	\$637,567	24.50 FTEs
Wyler Aerial Tramway (opened March 2001)	\$241,305	5.9 FTEs

27. **Reporting Requirements: Capital Equipment.** The department shall submit a report semiannually to the Legislative Budget Board and the Governor which documents all leases, purchases, donations, or acquisitions of major capital items. The capital equipment itemized in the report shall include, at a minimum, boats, motors, and other water safety equipment; vehicles; computers; and radio equipment. The report shall identify which strategy within the agency's budget is the source of funding for the item; the method of finance for the item; the cost or value of the item; the date the item was acquired; and the law enforcement district and region or state park to which the item has been delivered.
28. **Reporting Requirements: Full-Time Equivalent Positions.** The department shall submit a monthly report to the Legislative Budget Board and the Governor which lists the number of authorized, budgeted, and filled positions in Strategy C.1.1, Law Enforcement. The report must include the classification of each position.
29. **Reporting Requirements: Game Warden Academies.** The department shall submit an annual plan to ensure the fulfilment of the agency's FTEs for Game Wardens. The department shall submit a report to the Legislative Budget Board and the Governor within 30 days of the completion of a Game Warden Academy which lists the total number of applicants, the number selected to attend the academy, and the number who successfully complete the academy. The report shall include the race, ethnicity, gender, prior law enforcement experience, and educational background of all applicants; the applicants selected to attend the academy; the graduates of the academy; and those graduates who accepted positions with the agency.
30. **Contingency Appropriation for House Joint Resolution 97 and House Bill 3064.** Included in amounts appropriated Strategy A.2.2, Capital Programs in fiscal year 2003 is \$36,680,000 in general obligation bond proceeds for infrastructure repair, maintenance, and other projects which is contingent on approval of House Joint Resolution 97 or similar legislation by the Seventy-seventh Legislature, Regular Session, and Texas voters in November 2001, and the adoption of House Bill 3064 or similar legislation by the Seventy-seventh Legislature, Regular Session. The Parks and Wildlife Department is directed to seek other funding sources, including federal grant funds and contributions from private philanthropic organizations, to construct a Visitor Center at the Levi Jordan Plantation Site.

2. **Unexpended Balance and Estimated Appropriation Authority: Oil Field Cleanup Account.** Included in amounts appropriated above in Strategy A.2.1, Remediation, Reclamation, and Plugging, are balances remaining in the Oil Field Cleanup Account No. 145 as of August 31, 2001 (estimated to be \$9,627,704). In addition to the amounts shown above, the Railroad Commission is hereby appropriated any additional revenues received and deposited in the Oil Field Cleanup Account No. 145 during the biennium to carry out duties authorized by Natural Resources Code, Supchapter D, Chapter 91.
3. **Appropriation: Abandoned Mine Land Funds.** The Railroad Commission is hereby appropriated both federal grant money from the US Department of Interior and interest on those funds, for the purposes authorized by Subchapter G, Chapter 134, Natural Resources Code. Unexpended balances and the earned interest therefrom shall be carried forward at the end of each fiscal year.
4. **Unexpended Balance and Estimated Appropriation Authority: Alternative Fuels Research and Education Account.** Included in amounts appropriated above in Strategy C.2.2, Promote LP Gas Usage, are balances remaining in the Alternative Fuels and Research Education Account No. 101 as of August 31, 2001 (estimated to be \$0). In addition to amounts appropriated above, the Railroad Commission is hereby appropriated any additional revenues received and deposited in the Alternative Fuels and Research and Education (AFRED) Account No. 101 in accordance with Natural Resources Code, § 113.243.
5. **Transfer Authority.** Notwithstanding limitations on appropriation transfers contained in the General Provisions of this Act, the Texas Railroad Commission is hereby authorized to direct agency resources, and transfer such amounts appropriated above between appropriation line items.

RAILROAD COMMISSION

(Continued)

6. **Limitation of Expenditure of State Funds.** Only funds appropriated above out of the Alternative Fuels Research and Education (AFRED) Account may be expended to administer, manage or otherwise support the propane water heater rebate program.
7. **Appropriation: Unexpended Balances Between Fiscal Years.** Any unexpended balances as of August 31, 2002, in the appropriations made herein to the Railroad Commission are hereby appropriated for the same purposes for the fiscal year beginning September 1, 2002.
8. **Fee Appropriation: Liquid Propane (LP) Gas Licensing, Training, and Examination Renewal Fees.** Included in amounts appropriated above in Strategy C.2.2, Promote LP Gas Usage, is \$268,750 in Appropriated Receipts from fees assessed and collected pursuant to Natural Resources Code, § 113.088, for the purpose of providing training to licensees and certificate holders. In addition to amounts appropriated above, any additional amounts collected by the Railroad Commission pursuant to Natural Resources Code, § 113.088, on or after September 1, 2001, are hereby appropriated to the commission for the same purpose.
9. **Appropriations Limited to Revenue Collections and Contingent Revenue: LPG/CNG/LNG Fees.** It is the intent of the Legislature that revenues collected pursuant to Natural Resources Code §§ 113.082, 113.088, 113.090, 113.093, 113.094, 113.131, 116.032, 116.034, and 116.072 and deposited to Revenue Object Codes 3035, 3245, and 3246 in the General Revenue Fund, and \$60,000 each fiscal year collected pursuant to Natural Resources Code § 113.244, and deposited to Revenue Object Code 3034 in the Alternative Fuels Research and Education Account No. 101, cover, at a minimum, the cost of the appropriations made above in Strategy B.1.1, Pipeline and LP Gas Safety, for the LP Gas Program.

This appropriation is contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2002–03 biennium, revenue to cover the appropriations. The Railroad Commission, upon completion of necessary actions to assess or increase additional fees, shall furnish copies of the Railroad Commission’s minutes and other information supporting the estimated revenues to be generated for the 2002–03 biennium under the revised fee structure to the Comptroller of Public Accounts. If the Comptroller finds the information sufficient to support the projection of increased revenues, a finding of fact to that effect shall be issued and the contingent appropriation shall be made available for the intended purposes.

In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition to amounts identified above, the Railroad Commission is hereby appropriated all additional revenue collected and deposited to the credit of the revenue accounts listed above for the same purposes.

10. **Sunset Contingency.** Funds appropriated above for fiscal year 2003 for the Railroad Commission are made contingent on the continuation of the Railroad Commission by the Legislature. In the event that the agency is not continued, the funds appropriated for fiscal year 2002 or as much thereof as may be necessary are to be used to provide for the phase out of the agency operations.
11. **Review and Update of Naturally Occurring Radioactive Material (NORM) Regulations.** From funds appropriated, the Railroad Commission shall review and update its Naturally Occurring Radioactive Material (NORM) regulations based on the Railroad Commission’s completed Oil and Gas NORM Waste Study. The regulations should specifically be designed to protect workers and the general public from airborne exposure to NORM.

RAILROAD COMMISSION
(Continued)

12. **Review and Update of Oil Well Plugging Regulations.** From funds appropriated, the Railroad Commission shall review and update its oil well plugging regulations to insure the groundwater resources of Texas are protected.
13. **Oil and Gas Technology Migration Project.** Included in amounts appropriated above in Strategy, D.1.1, Electronic Government, is \$2,189,234 from the General Revenue Fund and five full-time equivalent positions in fiscal year 2002 and \$1,465,963 from the General Revenue Fund and eight full-time equivalent positions in fiscal year 2003 for the Oil and Gas Technology Migration Project. It is the intent of the Legislature that the Railroad Commission utilize the West Texas Disaster Recovery and Operations Center (WTDROC), to the maximum extent possible, in compliance with Article IX, § 6.20, of the General Appropriations Act, Seventy-seventh Legislature, Regular Session, with regard to the Oil and Gas Technology Migration Project. The Railroad Commission shall evaluate the Oil and Gas Technology Migration Project for disaster recovery, data center operations, and seat management for potential to be supplied by WTDROC. Once completed, the Railroad Commission shall send a copy of this evaluation to the Governor, Legislative Budget Board, and the Department of Information Resources.
14. **Appropriation: Targeted Salary Increase.** Notwithstanding other appropriations made by this Act related to salary increases, in addition to amounts appropriated above to the Railroad Commission, there is hereby appropriated each fiscal year of the biennium \$699,375 out of the General Revenue Fund; \$18,650 out of the Alternative Fuels Research and Education Account No. 101; \$121,225 out of the Oil Field Cleanup Account No. 145; and \$93,250 out of Federal Funds for the purpose of making salary increases for select job classes.

The Railroad Commission is hereby authorized to transfer the appropriation made pursuant to this provision to the appropriate strategy items listed above.

- Matching Requirements.** Funds appropriated above for conservation assistance grants for Soil and Water Conservation Districts may be expended only when matched by equal amounts from sources other than state funds or earnings from state funds, not to exceed \$7,500 in any district per fiscal year.
- Appropriation: Unexpended Balances between Biennia for Soil Conservation Districts.** Any unexpended balances in the appropriations made to the Soil Conservation Districts on August 31, 2001, are hereby appropriated to the Soil Conservation Districts for the biennium beginning with the effective date of this Act, for the purposes provided for under the soil conservation statutes.
- Appropriation: Unexpended Balances between Fiscal Years for the Agricultural Soil and Water Conservation Account.** Any unexpended balances in the appropriation made above out of the Agricultural Soil and Water Conservation Account No. 563 as of August 31, 2002, are hereby appropriated for fiscal year 2003 for the same purposes.
- Allocation of Grant Funds.** It is the intent of the legislature that an allocation of 80 percent of Technical Assistance and Subchapter H Technical Assistance Program grant funds to local soil and water conservation districts by the Soil and Water Conservation Board shall be made at the beginning of each fiscal year. The remaining 20 percent of grant funds shall be allocated by the Soil and Water Conservation Board to districts on a discretionary basis during the remainder of the fiscal year. Grant allocations are made contingent upon districts filing quarterly expenditure reports and an annual grant expenditure summary report with the Soil and Water Conservation Board.

5. **Brush Control.** Included in the amounts appropriated above in Strategy A.1.2, Financial and Technical Assistance, is \$9,163,189 out of the General Revenue Fund for the biennium for the brush control program. These funds shall be transferred to Brush Control Fund No. 556 for expenditure from that Fund. Out of the total appropriation for brush control, \$1,000,000 for the biennium is to be spent on brush control feasibility studies, including \$500,000 to be spent on studies in the Palo Pinto Lake, Lake Brownwood, Lake Fort Phantom Hill, and Lake Arrowhead watersheds; and \$500,000 to be spent on studying methods for adequately addressing future maintenance needs and identifying appropriate watershed management activities and financing mechanisms for the State Brush Control Program. All feasibility studies must include participation by the State Soil and Water Conservation Board, Texas Agricultural Extension Service, Texas Agricultural Experiment Station, and interested local entities, such as river authorities. A total of \$8,163,189 for the biennium is to be used for brush control projects in the North Concho River Watershed. Any unexpended balances from this appropriation as of August 31, 2002, are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2002.

In addition to amounts appropriated above, any unexpended balances associated with the brush control program as of August 31, 2001, in Strategy A.1.2, Financial and Technical Assistance, are hereby appropriated for the same purposes for the fiscal year beginning September 1, 2001.

6. **Appropriation: Waste Water Management Plans for Poultry Operators.** Included in amounts appropriated above in Strategy B.2.1, Pollution Abatement Plans, is \$250,000 out of the General Revenue Fund in each fiscal year 2002 and 2003 for additional administrative costs associated with the preparation of waste water management plans for poultry operators.
7. **Appropriation: Manure Transportation Reimbursement Incentive.** Included in amounts appropriated above in Strategy A.1.2, Financial and Technical Assistance, is \$565,863 out of the General Revenue Fund in each fiscal year 2002 and 2003 for reimbursement payments to entities transporting manure. The rate of reimbursement is estimated at an average of \$2.60 per cubic yard of manure transported.
8. **Contingent Full-time-equivalent Position: Senate Bill 1339.** Contingent upon passage of Senate Bill 1339 by the Seventy-seventh Legislature, Regular Session, or similar legislation requiring owners or operators of poultry facilities to implement and maintain certified water quality management plans, the “Number of Full-Time Equivalent Positions (FTE)” figure indicated above for the Soil and Water Conservation Board is hereby increased by one in each fiscal year of the 2002–03 biennium.

The following incremental change to a key measure target reflects FTE levels contingent upon enactment of Senate Bill 1339 or similar legislation requiring owners or operators of poultry facilities to implement and maintain certified water quality management plans:

	<u>2002</u>	<u>2003</u>
Number of Pollution Abatement Plans Certified	50	50

9. **Sunset Contingency.** Funds appropriated above for fiscal year 2003 for the Soil and Water Conservation Board are made contingent upon the continuation of the Soil and Water Conservation Board by the Legislature. In the event the agency is not continued, the funds appropriated for fiscal year 2002 or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.

2. **Transfer Authorized.** Included in amounts appropriated above out of the General Revenue Fund is \$9,000,000 for the biennium to be transferred to the Water Assistance Fund No. 480, for the sole purpose of making grants to regional planning groups pursuant to § 15.4061 of the Water Code. The Texas Water Development Board is authorized to transfer these funds from the Water Assistance Fund to other accounts as authorized under § 15.011 of the Water Code as needed to support the regional planning process.
3. **Safe Drinking Water Act State Revolving Fund.** Included in amounts appropriated above out of the General Revenue Fund is \$8,196,208 for the biennium for the state match portion of the community/non-community water system and economically disadvantaged community accounts established under the Safe Drinking Water Act State Revolving Fund.
4. **Appropriation: Water Assistance Fund.** In addition to amounts appropriated above there is hereby appropriated for the 2002–03 biennium any revenues accruing to the Water Assistance Fund No. 480 and any balances on hand as of September 1, 2001, in the Fund (estimated to be \$9,647,382).
5. **Appropriation: Water Resources Fund.** In addition to amounts appropriated above any monies deposited into the Texas Water Resources Fund No. 591, including but not limited to proceeds from revenue bond sales, investment earnings, and loan repayments, are hereby appropriated to the Board for the biennium beginning with the effective date of this Act.
6. **Appropriation: Agricultural Water Conservation Fund.** In addition to amounts appropriated above any monies deposited into the Agricultural Water Conservation Fund No. 358, including but not limited to proceeds from agricultural water conservation bond sales, investment earnings, and loan repayments, are hereby appropriated to the Board for the biennium beginning with the effective date of this Act, for use pursuant to § 50-d of Article III of the Texas Constitution and Texas Water Code, Chapter 17, Subchapter J. There are hereby appropriated such amounts as may be necessary to pay the principal and interest on such bonds that mature or become due during the biennium beginning with the effective date of this Act, pursuant to § 50-d of Article III of the Texas Constitution and Texas Water Code, Chapter 17, Subchapter J, to be transferred to the Agricultural Water Conservation Interest and Sinking Fund No. 359.

7. **Coordination with Department of Housing and Community Affairs.** The Texas Water Development Board (TWDB) and the Texas Department of Housing and Community Affairs (TDHCA) shall continue to coordinate funds out of the Economically Distressed Areas Program (EDAP) administered by the TWDB and the Colonia Fund administered by TDHCA as outlined in a Memorandum of Understanding (MOU) so as to maximize delivery of the funds and minimize administrative delay in their expenditure. At the beginning of each fiscal year of the 2002–03 biennium, the TWDB shall provide the TDHCA a list of EDAP-funded areas whose colonia residents cannot afford the cost of service lines, hook-ups, and plumbing improvements associated with being connected to an EDAP-funded system. No later than September 15, 2002, the TWDB and the TDHCA shall submit a joint report to the Legislative Budget Board that describes and analyzes the effectiveness of projects funded as a result of coordinated Colonia Fund/EDAP efforts, including an estimate of the amount each agency has saved by reduced duplication of efforts.
8. **Fee Appropriation: State Revolving Fund Program Operation.** In addition to amounts appropriated above the Texas Water Development Board is hereby appropriated all fee revenue collected for administration and operation of the State Revolving Fund (SRF) Program or additional state revolving funds created under Subchapter J, Chapter 15, Texas Water Code. All fee revenue collected pursuant to the SRF program and additional state revolving funds may be deposited into an operating fund held in the Safekeeping Trust Company. Monies in the SRF or additional SRFs operating fund, including interest, may be used only for the purposes of reimbursing expenditures from appropriations in this Act. Such reimbursement shall include both direct expenditures for salaries and other expenditures and fringe benefits. In addition, the Texas Water Development Board may transfer amounts from the operating fund to the SRF or additional SRFs for uses pursuant to the Texas Water Code, Chapter 15, Subchapter J.
9. **Appropriation: Unexpended Balances in Agricultural Soil and Water Conservation Account.** Any unexpended balances in the appropriation made above out of the Agricultural Soil and Water Conservation Account No. 563 as of August 31, 2002, are hereby appropriated for fiscal year 2003.
10. **Appropriation: Unexpended Balance Authority.** In addition to amounts appropriated above the Texas Water Development Board is hereby appropriated any unexpended balances as of August 31, 2001, from the General Revenue Fund appropriated for the Canadian River Basin Chloride Control Project (estimated to be \$338,556) in Strategy A.2.1, Facility Planning. The Board is authorized to expend these funds only for their original purposes.
11. **Use of Texas Water Resources Finance Authority (TWRFA) Funds.** Included in the amounts appropriated above, \$184,073 in fiscal year 2002 and \$190,331 in fiscal year 2003 in Appropriated Receipts are derived from the proceeds of the sale of the Texas Water Development Board's (TWDB) bond portfolio to the Texas Water Resources Finance Authority (TWRFA). Also included in amounts appropriated above is \$840,000 in Appropriated Receipts for the biennium derived from cash flows and reserved as operating costs of TWRFA and used to reimburse TWDB for administrative expenditures incurred by TWDB in administering the TWRFA portfolio.
12. **Appropriation: Unexpended Balances in the Groundwater District Loan Assistance Fund.** Any unexpended balances as of August 31, 2002, in the appropriation made above out of the Groundwater District Loan Assistance Fund No. 363 as of August 31, 2002 are hereby appropriated for fiscal year beginning September 1, 2002.
13. **Appropriation: Playa Lakes Recharge Characteristics.** Included in the amounts appropriated above in Strategy A.1.2, Long-Range Water Supply Planning, is \$275,000 out of the General Revenue Fund for the fiscal year beginning September 1, 2001 for research and studies relating to increasing the aquifer recharge characteristics of the playa lakes, existing

Natural Resource Conservation Service dams, and other water retention structures across the High Plains of Texas under Water Code, §§ 16.012 and 16.015. Pursuant to Water Code, § 16.019, the Board may enter into contracts for research, permitting and other activities necessary to increase the storage capacity of such reservoirs to allow the studies to be conducted.

Any unexpended balances remaining in this appropriation on August 31, 2002 are hereby appropriated for the same purposes for the fiscal year beginning September 1, 2002.

14. **Appropriation: Hueco Bolson Desalination Project:** Included in the amounts appropriated above in Strategy B.1.1, Financial Assistance, \$1,000,000 out of the General Revenue Fund shall be transferred in fiscal year 2002 to the Water Assistance Fund No. 480 for the sole purpose of making a zero-interest loan to the El Paso Utilities for the planning and design of the Hueco Bolson Desalination Project. The loan shall be repaid over the course of 30 years. The Texas Water Development Board is authorized to transfer these funds from the Water Assistance Fund to other accounts as authorized under Section 15.011 of the Water Code as needed to support the regional planning process.

Any unexpended balances out of this appropriation as of August 31, 2002, are hereby appropriated for the fiscal year beginning September 1, 2002, for the same purpose.

15. **Contingency Rider: Agricultural Water Conservation Bonds.** Contingent upon passage of legislation by the Seventy-seventh Legislature, Regular Session, authorizing the Water Development Board to make grants from the proceeds of Texas Agricultural Water Conservation Bonds, the Texas Water Development Board is hereby directed to enter into Interagency Contracts with the following agencies with the proceeds of such bonds:

- \$15 million is to be used for brush control cost share projects at the Soil and Water Conservation Board; and
- \$1 million is to be used for the Pecos River Ecosystem Project for saltcedar control at the Department of Agriculture.

16. **Contingency Appropriation: North Bosque Capital Improvements for TMDL Implementation.** Contingent upon passage of Senate Bill 312, or similar legislation providing authority to the Water Development Board to make grants out of the Water Assistance Fund No. 480 by specific legislative appropriation, there is hereby appropriated to the Water Development Board \$1,868,274 out of the General Revenue Fund for the fiscal year beginning September 1, 2001. These funds shall be transferred to the Water Assistance Fund No. 480 and shall be used for grants to local governments in the North Bosque River watershed. The funds shall be used by the local entities to make capital improvements to wastewater treatment plants to meet requirements in implementing a Total Maximum Daily Load for the North Bosque River watershed.

The Water Development Board shall allocate funds in this appropriation to one or more of the following entities, as determined by the Board:

City of Clifton
City of Hico
City of Iredell
City of Meridian
City of Stephenville
City of Valley Mills

Any unexpended balances remaining in this appropriation on August 31, 2002 are hereby appropriated for the fiscal year beginning September 1, 2002.

WATER DEVELOPMENT BOARD
(Continued)

17. **Appropriation: Targeted Salary Increase.** Notwithstanding other appropriations made by this Act, included in amounts appropriated above to the Water Development Board in Strategy B.1.1, Financial Assistance, is \$19,177 in fiscal year 2002 and \$19,178 in fiscal year 2003 out of the General Revenue Fund for the purpose of making salary increases to fund the reallocation of the financial examiner series.
18. **Contingency Appropriation: Flood Protection.** Contingent upon passage of Senate Bill 312, or similar legislation authorizing the Water Development Board to make grants out of the Water Assistance Fund No. 480, the board is hereby authorized to use funds appropriated to the Water Assistance Fund No. 480 in an amount not to exceed \$200,000 to provide grant assistance for flood protection costs contingent upon a local match of at least 10 percent for areas in which the Albuquerque District of the United States Army Corps of Engineers completed a reconnaissance level of study by February 1997.
19. **Contingency Appropriation: Senate Bill 312.** Contingent upon passage of Senate Bill 312 by the Seventy-seventh Legislature, Regular Session, or similar legislation creating a Rural Community Water and Wastewater Loan Program, the Water Development Board is hereby appropriated \$260,000 in each fiscal year 2002 and 2003 out balances in the Texas Water resources Finance Authority (TWRFA) Fund. These amounts may be used as loan proceeds for the Rural Community Water and Wastewater Loan Program and for administrative expenses related to the program.
20. **Sunset Contingency.** Funds appropriated above for fiscal year 2003 for the Water Development Board are made contingent upon the continuation of the Water Development Board by the Legislature. In the event the agency is not continued, the funds appropriated for fiscal year 2002 or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.

1. **Payment of Debt Service: Economically Distressed Areas Bonds.** All monies received by the Texas Water Development Board and deposited to the Economically Distressed Areas Bond Payment Account No. 357 are hereby appropriated for the payment of principal and interest on bonds issued to provide financial assistance for water and wastewater infrastructure through the Economically Distressed Areas Program that mature or become due during the biennium beginning with the effective date of this Act, pursuant to Sections 49-c, 49-d-7, and 49-d-8 of Article III of the Texas Constitution and Texas Water Code, Chapter 17, Subchapters C and L, including amounts issued prior to the effective date of this Act, as well as additional amounts to be issued in 2002–03, estimated to be \$65.7 million. The amounts identified above in the Method of Financing as the Economically Distressed Areas Bond Payment Account No. 357 are estimated amounts to be received from repayments of loan principal and interest on such bonds that mature or become due during the biennium.

The actual amount of funds to be paid from the General Revenue Fund shall be the total amount of debt service obligations due in each fiscal year less the amount available in the Economically Distressed Areas Bond Payment Account No. 357 for Debt Service Payments for the Economically Distressed Areas Program. The provisions contained herein shall not be construed, however, to abrogate the obligation of the State under Sections 49-c and 49-d-8 of Article III of the Texas Constitution to provide for the payment in full of the principal and interest on such bonds that mature or become due during the biennium.

2. **Payment of Debt Service: State Participation Bonds.** All monies received by the Texas Water Development Board and deposited to the State Participation Program Bond Payment Account are hereby appropriated for the payment of principal and interest on bonds issued to provide financial assistance for State Participation projects that mature or become due during the biennium beginning with the effective date of this Act, pursuant to Sections 49-c, 49-d-7, and 49-d-8 of Article III of the Texas Constitution and Texas Water Code, Chapter 17, Subchapters C and L, including amounts issued prior to the effective date of this Act, as well as additional amounts to be issued in 2002–03. The amounts identified above in the Method of Financing as the State Participation Program Bond Payment Account are estimated amounts of payments received from political subdivisions representing the purchase of the state’s ownership interest in projects dedicated to the payment of principal and interest on such bonds that mature or become due during the biennium.

The actual amount of funds to be paid from the General Revenue Fund shall be the total amount of debt service obligations due in each fiscal year less the amount available in the State Participation Program Bond Payment Account for Debt Service Payments for the State Participation Program. The provisions contained herein shall not be construed, however, to abrogate the obligation of the State under Sections 49-c and 49-d-8 of Article III of the Texas Constitution to provide for the payment in full of the principal and interest on such bonds that mature or become due during the biennium.
